

## MESH Range of product Ordering Change Notification

### 1. **MAIN FEATURE**

According to our wish to reorganize our range of products to reflect the priorities of our customers, and offer them a better understanding of the products and shorter overall lead-times on our high-runners, the ordering conditions of the following products are changing with immediate effect.

### 2. **NEW ORDERING CONDITIONS**

The new ordering conditions are as follows :

- Products will no longer be stocked but manufactured to order
- The sales price and minimum quantity conditions will be the subject of a specific quotation for each request.
- Without any commitment on our part, a limited quantity of products may be available for evaluation trials. If these products are not available, our sales team will be happy to offer customers a replacement product.

### 3. **AFFECTED PRODUCTS**
